Patents

Patents 1 - 10 on **image server, output devices, selective processing**. (0.30 seconds)

Image processing system

US Pat. 6714204 - Filed Sep 21, 2001 - Seiko Epson Corporation

There are a diversity of **image output devices** and their applications. The 4Q uniform **image processing** executed in the **server** may thus not sufficiently ...

Information processing device and information processing method

US Pat. 5859956 - Filed Mar 3, 1997 - Canon Kabushiki Kaisha

Further, rasterized **image** data is transferred from the document **server** to the **image** ... If the **image output processing** is impossible, the CPU 1000 makes ...

Color image gamut-mapping system with chroma enhancement at human-insensitive spatial frequencies

US Pat. 5450216 - Filed Aug 12, 1994 - International Business Machines Corporation

In such form, the **image** file includes **image output** gamut. ... not permit **selective** enhancement of high spatial frequency available in the **output** display. ...

Information input/output control device and method therefor

US Pat. 5740028 - Filed May 29, 1997 - Canon Kabushiki Kaisha

The table is stored in a memory in the **server** to determine the possibility of an **image output server** 7505. **processing** from the host computer. ...

Message communication via common signaling channel

US Pat. 5812639 - Filed Nov 13, 1995 - Bell Atlantic Network Services, Inc.

If the destination **processing image processing** commands from a respective user ... transmitted via the remote facsimile transmitter to the fax **server** unit. ...

Method and apparatus for continuously locating an object

US Pat. 6327533 - Filed Jun 30, 2000 - Geospatial Technologies, Inc.

Thus, the object location **server** generates **image** files in a format compatible ... Prior art AVL technology is based on the assumption that the **Selective** 55 ...

Method and system for selective enhancement of image data

US Pat. 6915021 - Filed Nov 30, 2000 - Eastman Kodak Company

In this embodiment, the system 19 includes a digital **image** capture device 20, an **image processing** device 22, and an **image output** device 24. ...

Downloading applications software through a broadcast channel

US Pat. 5768539 - Filed Dec 17, 1996 - Bell Atlantic Network Services, Inc.

A software **server** or the like cyclically broad- video **output** device. ... fee realized and attained by means of the **selective** execution of a non-resident ...

Selective transformation of multimedia objects

US Pat. 6128668 - Filed Nov 7, 1997 - International Business Machines Corporation

The first system 101 may include a web site **server** 102 communicatively ...

When the text and the **image** object 210 are received by the **processing** unit 230 of ...

Selective retransmission for efficient and reliable streaming of multimedia packets in a ...

US Pat. 5918002 - Filed Mar 14, 1997 - Microsoft Corporation

3 4 The **selective** retransmission of the present invention can FIG. ... _ _ , o •

ni , - , •• ri Other **output devices** such as a plotter, typesetter, ...
